## **ACADEMICS GENERAL COMMENTS**

It is expected that students will report to class ready to learn. This includes bringing paper, pencils, books, and assignments. If the students know in advance of an exam and are present for a test review before being absent, they are required to take the test the day that they return to school. An absence the day of an exam does not excuse the students from taking the exam upon his/her return to school. Teachers are available in their classrooms by 7:40 AM for students seeking additional academic assistance. Other times, either before or after school, may be mutually scheduled by the student and teacher. Students are encouraged to seek the assistance they need from staff members to ensure academic success.

## **ACADEMIC HONESTY**

Academic honesty is expected of all USD 241 students. Cheating, copying, plagiarism or other forms of academic dishonesty will result in disciplinary action. If cheating occurs, the teacher will take the assignment from the student, the student will receive a "zero" ("0") for the assignment, and the assignment will be delivered to the parent/guardian along with an explanation (*refer to #13 of the "Guidelines for Action in Consideration of Certain Types of Misbehavior"*).

A student who engages in any form of academic dishonesty will be subject to the loss of credit for the work in question, as well as other disciplinary measures up to and including suspension or expulsion. (See Board Policies GAA and ECH)

## **ACTIVITY/ATHLETIC EVENTS GENERAL COMMENTS**

The primary responsibility for a student's behavior at games rests with parents/guardians. School personnel will intervene as necessary. Some guidelines have been established as follows:

1. At football games, unauthorized personnel shall not be along sidelines or team box. Due to the danger and disruption created, students should be discouraged from playing games in the parking areas and sidelines.
2. At basketball games, grade school students should sit with their parents. Students, wherever they sit, are expected to be orderly and not disruptive to others around them.
3. Once in attendance at either home site or away events, hats will not be worn by student body members in an inside facility. Student dress code applies at all school events, home or away.
4. Students are not to loiter and/or run in the hallway, restroom, or concession area during an activity.
5. In accordance with district rules and "Rule 52" of the Kansas State High School Activities Association, students are expected to display good sportsmanship and show respect for opponents and officials.

## **ACTIVITY/ATHLETIC ATTENDANCE**

In order to participate in an extracurricular activity, a student must have been in school for the one-half (1/2) of the school day immediately before the activity, 8:00 am until 12:00 pm if leaving before 3:20, 12:35 pm until 3:20 pm if leaving after school. This includes practice in which the student athlete must be in attendance from 12:35 pm until 3:20 pm or they will be unable to practice. The lunch period is considered the dividing point. School sponsored activities, funerals, and prescheduled appointments are considered as being in school. Weekend activities are based on attendance of the previous school day. Activities that require leaving the school before school starts will be based on the attendance of the previous school day.

If a student is present at school on a practice day, he/she is expected to be at practice that day. If a student cannot be at practice, he/she should clear it with the coach before practice.

Since there is no perfect system for every circumstance and since not every possible in- or out-of-school activity can be listed, the principal will, on a case-by-case basis, have the authority to determine what is an "authorized activity" under this policy. In every case all such requests *must* be approved in advance by the principal.

## **ACTIVITY/ATHLETIC BEHAVIOR CODE FOR AWAY GAMES AND ACTIVITIES**

Students who attend away games are part of the team and/or pep club and are under the supervision of the coach and/or sponsor. They are expected to either be with the team preparing for the game, playing the game, or be in the gymnasium with the student section.

## **ACTIVITY/ATHLETIC TRANSPORTATION**

Transportation will be provided by the district for all extracurricular activities. (See Board Policy JGG)

Students shall ride to and from school activities with the team/group on the school bus. However, students may return home from an activity with parents/guardians, provided the parent personally contacts the coach/director at the activity and signs a check-out sheet. In unusual circumstances, students may be permitted to ride to and/or from an activity by means other than school transportation, provided a parent/guardian makes approved arrangements with the principal prior to leaving the school.

Students are not to leave the site of an activity without permission of the head coach/sponsor.

## **AUTOMOBILES**

Driving or riding in a private, non-school motor vehicle during school hours is prohibited unless the student has been granted permission through the office to leave school. Students are not to be in or about motor vehicles when school is in session or during the lunch period.

JGFF

## **BULLYING/HAZING, HARASSMENT/INTIMIDATION/MENACING**

The board is committed to providing a positive and productive learning and working environment. Hazing, harassment, intimidation, menacing or bullying by students, staff or third parties is strictly prohibited and shall not be tolerated in the district. Students whose behavior is found to be in violation of this policy will be subject to discipline, up to and including expulsion. Staff whose behavior is found to be in violation of this policy will be subject to discipline, up to and including dismissal. Third parties whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or board. Individuals may also be referred to law enforcement officials. (See Board Policy JDD, JDDC, GAAB, JCE)

JDDC

## **CELL PHONES/ELECTRONIC DEVICES**

Students must keep cell phones in their locker during all class times. They will be allowed to use and check it during passing periods. High school students may be allowed to use cell phones at lunch. If students are caught using a phone during class time, i.e. in the class, hallway, bathroom, locker room, or outside, the phone will be confiscated, turned into the office, and must be picked up by a parent or guardian. A second infraction will result in a meeting with the student, parent and administration. Cell phones will not be used during interactions between Superheroes and Sidekicks.

## **COMPLETING ASSIGNMENTS—GRADES 6-12**

In grades 6-12, assignments not turned in when due will receive a "zero" ("0") grade, unless extraordinary circumstances exist. Students who are absent due to illness or other unforeseen circumstances will be allowed additional time to complete make-up work, at least one (1) day for each day missed or longer, as determined by the teacher. If students turn in assignments that have not been completed, a grade/points reduction and/or penalty may occur.

When a student knows he/she is going to be absent, the student should notify his/her teachers, obtain the assignments that they will miss, and complete and turn in the given assignments before the absence, if possible.

## **CONCESSIONS AND MONEY-MAKING PROJECTS**

The usual distribution of concessions to the four (4) high school classes will be as follows. The list represents, but is not limited to, the main money-making projects that classes are assigned:

*Frosh:* Any concessions not desired by upper classmen

*Sophomore:* HSFB and HSVB, post-season and any tournaments

*Junior:* HSJV FB and VB, includes JV tournaments, HSV and JV BB, includes tournaments

*Senior:* JHVB and JHBB and all JH tournaments

Any solicitation of funds or money-making projects must be approved by the principal.

*This is in effect if the class plans on going on a class trip after graduation. If the class does not plan on a trip, adjustments may be made to these assignments. It is not the intent of USD 241 to provide spending money for students after graduation but to allow them to raise funds for prom and a trip if so desired.*

## **CROSSWALK SAFETY**

All students crossing Main Street are required to do so at the cross walk. If parents/guardians deliver or pick up their students at school, they are requested to use the designated loading and unloading zones.

No pedestrian, student, adult or child, should walk between two (2) school buses when they are parked bumper to bumper, loading and/or unloading.

## **DISPLAYS OF PUBLIC AFFECTION**

Displays of Public affection are considered inappropriate on the school grounds, in the buildings, or at school functions. As a guideline, holding hands, walking arm-in-arm, romantic touching, hugging, kissing or other actions would be considered inappropriate.

## **DRESS CODE**

An individual's or group's attitude and behavior can be influenced by their appearance and dress thus affecting the learning environment. Simplicity and cleanliness are the basic qualities for proper school dress. The following dress code will apply for WCHS and SES students during school and **at school activities:**

*Clothing is to be neat and clean. Examples of inappropriate clothing would include, but not be limited to, clothes that are revealing, cut off, have lewd, suggestive or double-meaning sayings, display tobacco, alcohol, or illegal drug products, display disrespect, or display gang paraphernalia.*

**Remember:** "Appropriateness" questions seldom arise when clothing is worn as intended by its design. The student, the parent and the school must share the responsibility for appropriate dress and grooming to reduce points of conflict as to what is accepted by the student, the parent and the school. School authorities reserve the right to counsel students in matters of dress and grooming. *If a student has a question as to what might be considered "appropriate dress," he/she should ask the Principal in advance of wearing the clothing in question!*

1. Sleeveless blouses, and/or tops, for females only will be allowed. They must have a strap width of at least three (3) inches and have a factory hemmed sleeve covering the shoulder. Separate straps must stay at least 3" together. A blouse or dress must also meet these guidelines. Sleeves should be snug fitting and no undergarments may be showing with any sleeveless clothing.
2. No hats, hoods, or caps worn inside the building and/or at school sponsored activities (home/away). No shirts or tee shirts with vulgar or suggestive words or pictures or which advertise alcoholic beverages. This includes sexual pictures and wording. No clothing is allowed that contains references to alcohol or tobacco companies.

3. No shirts which expose the bare midriff or revealing low cut shirts or blouses (lingerie style).
4. No going barefoot. (Sandals or other footwear must be worn at all times.)
5. No sunglasses in the building unless specified by a doctor.
6. No see-through shorts, or shorts with holes. Shorts must be dress style shorts, or team style shorts, and reach the middle of the thigh, approximately five (5)" inseam. Denim style shorts will be allowed if they are hemmed and the appropriate length. No cut-offs.
7. No cut off jeans, pajama style clothing, soiled jeans, and jeans with holes or rips.
8. Sweat pants must have factory hem or clean cut bottom on legs. Leggings (yoga pants) must be covered by a shirt or shorts that reach below the buttocks. Clothing that allows skin to show through holes is not allowed.

Students whose clothing or appearance is questionable will be referred to the office. The first referral will warrant changing the clothing item. A second referral will warrant not being allowed to wear shorts or sleeveless tops the remainder of the semester, in addition to changing the clothing item at the time of the referral. The principal will make the final decision on whether the student is dressed appropriately.

JCDB

## **DRILLS**

Drills will be conducted according to state guidelines. Drills may include procedures for situations involving fire, tornado, crises.

In case of fire: Two (2) different exit routes are designated for each classroom. A safe area far enough from the building (fifty [50] feet minimum) is also designated. The secondary evacuation routes should be used occasionally.

After the alarm has sounded, students and staff should proceed in an organized manner to the nearest exit as quickly as possible using one of the two evacuation routes designated for their location. Staff shall account for students after reaching the safe area. In the event of a fire, the teacher that is in the classroom at the time of the alarm/fire, will have the responsibility of assisting any handicapped/disabled child from the building.

If any teacher has more than one handicapped/disabled child in any particular class, notify the principal immediately upon that child's attendance in the class. The principal will have the responsibility of assigning an adult to assist with such situations. In no event can a student be assigned the responsibility of assisting a handicapped/disabled child from the building.

*Adult monitors shall verify that occupants have evacuated. Restrooms and other closed areas must be checked by sight and voice.*

## **DUAL SPORTS / DUAL ACTIVITY PARTICIPATION**

Students interested in participating in dual sports must meet with both head coaches and the athletic director pre-season. The student must declare a primary sport on an "as needed" basis. The primary sport will take precedence in any conflicts, either practice or competition. If during competition a student is able to participate in both activities, it is the parent's responsibility to arrange transportation to the second activity.

A student in dual sports must maintain a minimum grade point average of 3.0 with no letter D grades (calculated on Mondays). If the student does not meet this eligibility requirement, they will be released from the non-primary sport.

## **EARLY GRADUATION**

Board of education policy permits early graduation. If a student graduates early all of the student's school activities cease when the student leaves school.

The diploma of an early graduate will be dated the date of the first commencement ceremony following the completion of graduation requirements. The student's picture may appear on the class panel. Early graduates may participate in the first commencement ceremony following the completion of graduation requirements.

JFCA

## **EARNING CREDIT**

USD 241, by board policy, believes that no student should be absent more than **nine (9) days in any one class** in a semester unless there are extreme situations that are documented. In order to earn credit in a class a student may not have missed more than three (3) of these days "unexcused" without making up appropriate time. In-school suspensions ISS are *not* considered as absences. Out-of-school suspensions (OSS) are considered "unexcused" absences. *Students will be allowed to make up all the work missed and the assignments are due upon the students return to school. The student will not be given extended time to make up assignments missed.*

After a student has accumulated three (3) unexcused absences or a total of six excused absences in a semester, the student and/or his/her parent/guardian will meet with the principals or the school's attendance committee, a standing committee consisting of the principal and three (3) teachers. The principal or the committee will advise the student and parent/guardian of the policy and the consequences that will result if the maximum number of absences is exceeded and appropriate time is not made up.

When a student has exceeded the minimum accumulation of three (3) unexcused absences, or a total of nine (9) absences in a semester, the student will immediately be placed on probation and written notice will be given to the student and

parent/guardian. This probationary period will determine the status of the student and whether or not credit will be allowed at the end of the semester. Credit will be allowed if the missed attendance time over and above the nine (9) days is made up in a timely manner, as determined by the principal after consultation with the parent. Since attendance is primarily the responsibility of the student and parent, this time will be made up during early mornings, after school, Saturday, or on days school is not regularly in session such as in-service days and parent/teacher conferences. In determining whether additional time is to be made up the attendance committee may give consideration to extreme medical or health problems that are fully documented or other extreme hardship situations that account for a substantial number of the absences.

The student and parent/guardian may appeal the decision of the attendance committee to the superintendent, or the Board of Education if the superintendent is also serving as the principal of the grade level of the student in question.

Absences will be considered on a class by class basis.  
(See Appendix B)

### **Credit Recovery**

Students that fail courses will have the following options:

- 1) If the course is offered onsite and fits into the student’s schedule, the student will retake the course under the current faculty at Wallace County Schools.
- 2) If the course does not fit into the student’s schedule, the student will be responsible for completing the course through an online program approved by the school. The student will pay for the coursework, as well as complete the course on their own time.
  - a. Students will be monitored and completion of the course must be verified to the school official for credits to be counted toward graduation.

### ***ELIGIBILITY FOR PARTICIPATION IN ATHLETICS AND ACTIVITIES—GRADES 6-12***

In order to be eligible, a student must pass all classes **including study halls and Activity Periods**. **If a student receives a failing grade (F) or 3 D’s, he will be declared ineligible.** Grades are cumulative from the first grading period of the school year to the completion of that semester and will be checked weekly by the principal or designated representative. Eligibility will start over at the beginning of the second semester. A three (3) week grace period will be allowed at the beginning of the first and second semesters. Students moving in during the course of the semester will be granted a three-week grace period beginning with their first date of enrollment.

Progress reports will be sent out on a weekly basis for students who have a D or F. **A student will need to be on the warning list (have a D) in the class before they can be failing.**

Eligibility will be determined on a weekly basis. Ineligibility status will be from Monday to Monday. Ineligible students will not travel with, sit with, or be acknowledged as part of the team during the period of ineligibility.

“Performing Groups” include all activities/events that occur outside and/or in addition to the regularly-scheduled school day/class period. This would include, but is not limited to, school-sponsored dances, field trips, art shows, scholar’s bowl, forensics, etc.

Absences and tardies will also be used to determine eligibility. All time owed will be made up before participation.  
[BOE Approved 7/04]

### ***FOOD SERVICE PROGRAM***

A breakfast and hot lunch program is available for all students. These meals are served in the USD 241 commons area. A student may bring a lunch from home, but he/she will be expected to eat with his/her classmates in the commons.

Students are expected to learn and display proper etiquette and table manners. If a student is unwilling to sit at the table and behave in an appropriate manner, the student may be moved to another location to eat. K-8 students will need to remain in the commons area during lunch period until their assigned dismissal time.

For a student to begin participation in the school lunch program at the start of each school year, he/she must have a paid lunch account prior to the first full day of classes. In other words, no charges will be allowed to start the school year. [BOE Approved 7/04] JGH

### **FREE AND REDUCED MEALS**

USD 241 participates in the National School Lunch/Breakfast program. Parents/guardians are eligible to apply for free or reduced price meals through this program. Eligibility is based upon family income, and families are strongly encouraged to complete the application process. **Even if parents choose not to accept free or reduced lunch based on the application, their eligibility helps USD 241 in acquiring state and federal funding via grants and other revenue sources.** Application forms are available in the school office. JGH

### **GRADING SYSTEM/GRADING SCALE**

The grading system will be “A” for “Superior,” “B” for “Above Average,” “C” for “Average,” “D” for “Below Average,” “F” for “Failing” and “I” for “Incomplete.” The following scale will be reflected on report cards

A+	=	100	C+	=	77-79
A	=	95-99	C	=	73-76
A-	=	90-94	C-	=	70-72
<hr/>					
B+	=	87-89	D+	=	67-69
B	=	83-86	D	=	63-66
B-	=	80-82	D-	=	60-62
<hr/>					
F	=	59 or Below			

### **GRADUATION REQUIREMENTS**

The following courses and units must be passed by USD 241 high school students for graduation: *English*—four (4) Units, *Social Studies*—three (3) Units [including American History and American Government], *Science*—three (3) Units, *Mathematics*—three (3) Units, *Health & Physical Education*—one (1) Unit and *Fine Arts*—one (1) Unit. A total of twenty-four (24) Units will be required for graduation.

IHF

### **GRADUATION CEREMONY**

The graduation ceremony is an auspicious occasion honoring those students who have completed the requirements for graduation. If a senior has not completed the twenty-four (24) required credits by the end of the fourth nine-weeks, he/she will *not* be permitted to take part in the high school graduation ceremony. Students will be allowed to finish requirements for graduation on a part- or full-time basis the next year and will receive a diploma when they have completed graduation requirements. They will *not* take part in graduation exercises following the completion of their requirements.

The top four (4) students from the junior class, as determined by GPA, will serve as escorts during the graduation ceremony.

### **GYMNASIUMS— USE AND CARE**

The gymnasium floors, because they are wood, require special consideration for use and care. The following guidelines have been developed for the use and care of the gym floor:

1. Wear approved indoor gym shoes only.
2. Rollerblades, skates, or similar equipment are not allowed.
3. Walk outside the boundary lines at games, assemblies, and pep rallies.

4. Hanging on baskets is not allowed.
5. Throwing balls at the ceiling, lights or persons is not allowed.
6. Food and drink are not allowed on gym floor.

## **HEALTH SERVICES**

USD 241 contracts with the Wallace County Health Department for school health nurse services. The health department will schedule vision screening and hearing tests during the school year. If problems are detected, referral forms will be sent to parents encouraging further testing by a doctor.

School personnel will not give medicines, treatments, or make diagnosis. They do not give medication of any kind, including aspirin, cough syrup, or other “over-the-counter” drugs unless sent to school in the original container by the

### **HEALTH SERVICES (cont)**

parent/guardian with a written permission form from a physician or dentist. School personnel will log date, time, and dosage when medication is given to a student.

For minor injuries, first-aid may be administered by school personnel.

Students who exhibit symptoms of illness should not be sent to school. School personnel reserve the right to determine whether or not a student will remain in school.

Students should not return to school until twenty-four (24) hours after fever has broken or twenty-four (24) hours after the last vomiting episode.

Parents/guardians are requested to provide the school with up-to-date emergency information, including medical alerts, telephone numbers, names and numbers of other persons to contact when a parent cannot be reached in case of injury, sickness, or other emergency.

The following is taken from the Kansas Classroom Handbook of Communicable Diseases, prepared by the Kansas Department of Health and Environment:

“No person afflicted with any infectious or contagious disease dangerous to the public health shall be admitted into any public, parochial, or private school, or licensed child care facility. It should be the duty of the parent or guardian and the principal or other person in charge of any public, parochial, or private school to exclude any child or other person affected with a disease suspected of being infectious or contagious until the expiration of the prescribed period of isolation or quarantine for the particular infectious or contagious disease.

“If the attending person licensed to practice medicine, surgery, or local health officer, finds upon examination that the person is not suffering from infectious or contagious disease, he may submit a certification to this effect to the school authority, and such person shall be readmitted to school or to the child care facility.”

## **HONOR ROLL**

The Principal’s Honor Roll will honor those students who compile a 4.0 grade point average. Honor Roll will recognize students who compile a 3.5 to 3.99 grade point average. Honorable Mention lists students who compile a 3.0 to 3.49 grade point average. **All honor rolls require all grades of C or above.**

## **HUMAN SEXUALITY AND AIDS EDUCATION**

There are units in the science and health curriculums that provide age-appropriate instruction for students concerning human sexuality and AIDS. Parents/guardians are invited to preview these units. Parents/guardians may “opt out” their students from these units of instruction by contacting the school office and completing the necessary “opt out” form.

## **INDEPENDENT STUDY**

Students who wish to pursue a course beyond those offered on the class schedule will be allowed to do so through independent study arranged by the student with the teacher involved and with the approval of the principal. If a student does not complete the independent study class he/she will be required to reimburse the school district for the cost of the class if the school district covered the initial cost.

## **INJURIES**

If a student has received an injury requiring medical attention, the student should present to the coach/teacher a written statement from a doctor releasing the student to participate before resuming practice or physical education.

## **INSURANCE INFORMATION**

The Board of Education provides an accident insurance plan for all students that may be injured during the school day. An additional insurance coverage for students who participate in school activities is also provided. The insurance covers injuries that result in treatment by licensed physician within sixty (60) days from the date of injury. Benefits are coordinated with family insurance. Complete written descriptions of the coverage are available in the office.

Written notice of claim must be given to the insurance company within ninety (90) days of the date of injury. It is important that injuries requiring medical attention be reported to the coach or sponsor and the office as soon as possible so that a proof of claim or an accident report form can be filed.

***We have encountered difficulties in the past with expenses that result from student injuries. Although USD 241 makes every effort to ensure that all expenses are covered, parents need to be aware that there can be uncovered expenses arising from school accidents and/or injuries. More specifically, any student coverage offered through USD 241 will only be a SECONDARY payer after the family insurance coverage has been the PRIMARY payer. Some situations/expenses may not be covered items with any coverage. To reiterate, in cases of a loss, families SHOULD expect out-of-pocket expenses, regardless of their amount of insurance coverage.*** [BOE Approved 7/03]

A twenty-four (24)-hour coverage accident insurance plan and/or extended dental accident coverage plan may be purchased voluntarily. Enrollment forms and copies of the policy are available in the office.

## **LETTERS**

Varsity letters (White "S" on blue felt) are earned by participating in varsity athletics. Letters are awarded upon the decision of the principal and coach of the sport involved. To receive a varsity letter an athlete must participate in one-half (1/2) of the varsity quarters and in volleyball one-half (1/2) of the varsity games. An athlete may also receive a letter by being in the sport for four (4) years and finishing the season with the team unless unable to because of injury. An athlete may also receive a varsity letter by participating in three (3) sports and successfully completing the season of each sport.

Activity letters (Blue "S" on white felt) are earned by participating in vocal music, instrumental music, speech (forensics), drama and scholars bowl. Speech and drama participants must participate in two (2) plays or contests to receive a letter. A primary requirement in this area is a cooperative attitude beneficial to the group—students must be cooperative about attending festivals and other performances by attending practices and performances.

Scholastic letters (White "S" on white felt )are earned by making all A's for a semester of study.

## **LIBRARY MEDIA SERVICES**

It costs several dollars to replace a library book. To replace lost books and help preserve others, students and parents/guardians are requested to comply with the following:

1. Students who lose or carelessly damage books are expected to pay for the books.

2. Using a plastic bag to carry library books to and from home helps protect books from damage.
3. It will help if your student is reminded to:
  - Have clean hands when handling books.
  - Put library books up high so smaller children and pets cannot get to the books.
  - Use bookmarks instead of bending corners or laying the open book on its pages.
  - Turn pages from the top right hand corner.

*Books may be checked out for only one week, but may be rechecked as often as necessary.*

3. Students *may* place items (pictures, magnets, etc.) *inside* their lockers as long as the items can be removed and do not stick to the lockers permanently.

8. Students are required to place locks on their gym lockers, if the locker doesn’t have a lock as part of its construction. *School locks are provided and students are expected to use a school lock.* If a student does not return his/her lock, a \$5 replacement fee will be assessed.

## **MEDICAL CONSENT AUTHORIZATION FORM**

This form, which is signed by the parent/guardian and notarized, accompanies a student on any school sponsored activity. The intent of the form is not for the school or school employees to assume medical responsibility for a student. Should a student become ill or be injured and require immediate medical attention and school personnel are not able to contact the parent, this form authorizes the school to seek medical attention for the student. Many doctors will not treat a child without the consent form.

## **MEDICATION ADMINISTRATION**

State and school guidelines for administering medication in Kansas schools are as follows:

1. A written request from the physician or dentist should accompany all medications to be administered in school, including “over-the-counter drugs” such as aspirin, Tylenol and cough medicine.
2. The original prescription container should accompany all medications. Please request two containers, one for home and one for school, from the pharmacist.
3. “Over-the-counter” medications should not be maintained on school premises unless a prescription is provided along with parent/guardian permission to administer.

## **NCAA ELIGIBILITY REQUIREMENTS**

Students planning on playing sports in college need to meet with the school counselor for information on the NCAA rules. They will direct them to the NCAA web site (ncaa.org). There are certain things that potential college athletes will need to do before they graduate in order to be eligible to play sports in college. When they get to the NCAA site they need to look at the resource guide called College-Bound Student-Athlete.

## ***SPECIAL EDUCATION***

USD #241 is committed to providing an education which appropriately meets the needs of each student. For some students, supportive educational assistance is needed through special education programs and services. This means that USD 241 will identify all exceptional students and then provide the needed special education for these students in the most normal educational setting possible.

USD 241 has a comprehensive special education program which adheres to the federal regulations within the Individuals with Disabilities Education Act (IDEA) and to the Kansas requirements contained within Article 12 of the Kansas

Administrative Regulations. The need for these services is determined with parents at each building site. Specific steps in identifying and providing special education services are followed with all parent and student due process rights and confidentiality provided.

If you believe your student may be in need of special education services, you may initiate a referral to your school's Student Services Team. All parents will be informed as soon as their student is referred for one of the special programs. Parents and, in some cases, the student will be closely involved with the school's special service team decision. While parents may request a due process hearing, this is ordinarily not necessary if parents and school personnel work closely together for the student's benefit.

The goals of an appropriate educational program for all exceptional students is a reflection of the philosophy of USD #241 to provide quality educational services for all children. For further information concerning the special education programs and referrals, contact the Superintendent of Schools at (785) 852-4252. You may also contact the Director of Special Education at the Northwest Kansas Educational Service Center (NKESC), Oakley, KS, (785) 672-3125. The Kansas State Department of Education also maintains a toll-free number (1-800-332-6262) which may be called for additional information or resource materials on special education services, rights and procedures.

A constitution outlines procedures and guidelines that govern council activities.

This applies to both on and off school premises. Possession of or being part of any misuse of prohibited items will constitute use. Violations observed by a faculty member/administrator or any other reasonable proof of the act will be sufficient cause for disciplinary action.

Category I includes those Kansas State High School Activities Association (KSHSAA) sponsored activities in which a member school has a schedule of interscholastic contests, including KSHSAA sponsored tournaments: 1. Athletic Activities: Football, Volleyball, Basketball, Track and Golf; 2. Non-Athletic Activities: Scholars Bowl and Speech. The student will be expected to participate in all practice sessions during the suspension, as determined by the head coach/director.

### *Second Offense:*

If alcohol/drugs are involved in the first or second offense, dismissal from all Category I activities for the remainder of the season and Category II activities for the remainder of the semester will occur. The student will be eligible for the next season (Category I) or semester (Category II) provided he/she receives an evaluation and, if necessary, treatment from a school-approved drug and chemical dependency agency.

### *Third Offense:*

Dismissal from all Category I and II activities for the remainder of the school year.

Offenses and penalties that occur during the school year, including between athletic/activity seasons, accumulate for the school year but to *not* carry over to the next school year. The principal will be responsible for recording and reporting the disciplinary action to the other head coaches/directors. If, in the judgment of the head coach/director or principal, the first offense is a flagrant violation and is possibly deserving of more severe action, the head coach/director or principal shall submit a request to a standing hearing committee composed of the principal, a coach selected by the coaching staff, a licensed faculty member selected by the faculty, and the presidents of the student council and senior class. In case one of these individuals is the coach/director of athlete involved a substitute will be appointed by the other committee members. 12. The driver is in charge of the students and the bus. Students must obey the driver promptly and follow the rules posted in the bus. The privilege of riding the school bus may be denied if the student does not cooperate.

These rules can be simplified so that students of all ages can remember them easily. These simplified rules are as follows:

1. Listen and obey the driver.
2. Sit in your assigned seats and face the front.
3. Talk to your neighbor in a quiet voice.
4. Keep your hands to yourself and do not throw anything.

### **SCHOOL BUS GUESTS**

If the request is not provided to the principal so that the bus driver(s) can be notified in advance, the student may be denied riding privileges. USD 241 will not make additional transportation runs to accommodate bus overflow caused by guest riders or because of notification not being made prior to the route run.

**WARNING: Possession of a weapon or firearm as defined by federal and state law will result in a full one hundred eighty-six (186) school-day expulsion as required by federal and state law.**

## ***WITHDRAWAL FROM SCHOOL***

The office should be notified when it is necessary for a student to withdraw from school. The student and/or parent/guardian will be given a form to complete that must be signed by the student's teacher(s), the librarian and the counselor. ## ***ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)***

USD 241 school facilities were first inspected for asbestos in 1988. Reinspections were conducted in 1991, 1994, 1997, 2000, 2003, 2006, 2009, 2011. At each inspection, certified inspectors located, sampled, and rated the condition and hazard potential of building materials. Laboratory analysis records were used by a certified management planner to develop an asbestos management plan. A copy of this plan is available for inspection at the USD 241 district office. A copy of the reinspection/management planner report for each building is available for inspection at each school office and the district office. It is USD 241's intent to comply with AHERA regulations and take those steps necessary to insure each child and employee a healthy and safe environment in which to learn and work.

# **APPENDIX B**

### **A. ILLNESS**

For the protection of all staff and students, it is requested that students not be sent to school when they are ill. If a student has vomited prior to school, he/she should not be sent to school. 1. Students are to be in their assigned classrooms and seats with necessary materials when the tardy bell rings.
2. Students are to walk, not run, in the school building.
3. Food and drink are prohibited during the school day in hallways, library, and lockers. Teachers may use their own discretion in classrooms (*ie*: classroom parties, etc.) Only clear bottles with water will be allowed in the classroom.
4. The high school area is off-limits to grade school students during the school day unless they are passing to a classroom, the library, auditorium, or commons for specified reason such as class, breakfast, or lunch.

### **ALTERNATIVE BEHAVIOR PLAN**

(refer to the “Guidelines for Action in Consideration of Certain Types of Misbehavior”).

Steps involved in the plan:

- Teachers will try multiple classroom management techniques before sending students from the classroom. When students are sent out they will come to the office for at least the remainder of the class period.
- Students are allowed to return to their original classroom the following day if they are ready to come back to learn.
- Any graded work a student misses will be given a “0.”
- When a student is sent from the room, the classroom teacher will contact the office. If the student does not show up in the office, he/she may be given a discipline referral and sent home.
- If a student is sent home, he/she will be required to make up all the time missed with service to the school, or the community, for the amount of hours they are gone from school. This time will be made up before or after school, on week-ends, or days when students are not in school but the school is open.

- Students must meet with their teacher(s) before or after school, at a time convenient for the teacher, and work out a solution satisfactory to both parties, so they are ready to come back and learn. Saying “I’m sorry” is not enough.
- We will encourage the teacher to make an appointment with the parents, student, and/or principal, to discuss problems should they occur.

Some actions such as cheating, fighting, illegal, immoral, or harmful acts to others are automatic referrals and students may be sent home immediately. Parents will be contacted before a student is sent home, and will be required to meet with the principal before being allowed to go back to class. If parents cannot be contacted, students will stay at school in the office until school is out. Our goal is to teach students to control their own behaviors and be responsible for their actions.

1. Teachers will use various management strategies in the classroom to persuade students to act appropriately.
2. The teacher and/or principal may contact the parents if the inappropriate behavior is repeated.
3. The principal will handle actions such as cheating, fighting, illegal, immoral, or harmful acts. Parents will be contacted and the student may be sent home. The duration of time spent away from school will depend upon the severity of the infraction. If parents can not be contacted, students will stay at school in the office until school is out.

## **RESTITUTION**

Where an offense at any level involves a readily demonstrable monetary loss to the school district or staff the district may seek restitution as part of the disciplinary actions to be taken. Depending on the severity of the behavior problem of the student, one (1) or more of the aforementioned actions in any relevant part of the discipline plan may be taken by school officials. Disciplining actions to be taken are intended to be progressive; however, occasionally the nature of the offense may be so disruptive that each successive step, as determined by the principal, may *not* be required.

## **TOBACCO**

Student use or display of tobacco in any form at any time on the school grounds, in the buildings or at school functions anywhere is prohibited.

## **ALCOHOL and DRUGS**

The unlawful possession, use, sale or distribution of illicit drugs and alcohol by students on school premises or as a part of any school activity is prohibited. This policy is required by the 1989 amendments to the Drug Free Schools and Communities Act, P.L. 102-226, 103 St. 1928.

As a condition of continued enrollment in the district students shall abide by the terms of this policy. Students shall not unlawfully manufacture, sell, distribute, dispense, possess or use illicit drugs, controlled substances or alcoholic beverages on school district property or at any school-sponsored activity (home/away). Any student violating the terms of this policy will be reported to the appropriate law enforcement officials and will be subject to the sanctions by KSHSAA and as listed in USD 241 Board Policy JDDA.

## **HAZING, HARASSMENT/INTIMIDATION/BULLYING/MENACING**

The board is committed to providing a positive and productive learning and working environment. Hazing, harassment, intimidation, menacing or bullying by students, staff or third parties is strictly prohibited and shall not be tolerated in the district. Students whose behavior is found to be in violation of this policy will be subject to discipline, up to and including expulsion. Staff whose behavior is found to be in violation of this policy will be subject to discipline, up to and including dismissal. Third parties whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or board. Individuals may also be referred to law enforcement officials. (See Board Policy JDD)

**INTIMIDATION**

Any act of intimidation is prohibited, both by the Board of Education and Kansas law. (See K.S.A. 21-3434)

**THROWING SNOWBALLS**

Because of the possibility of personal injury and/or damage to property, making and throwing snowballs on the school grounds is prohibited.

**WEAPONS**

A student shall not knowingly possess, handle or transport any object that can reasonably be considered a weapon (i.e. pocket knives - see complete list detail USD 241 BOE Policy JCDBB) at school, on school property or at a school sponsored event. This shall include any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon. JCDBB

**WARNING: Possession of a weapon or firearm as defined by federal and state law will result in a full one hundred eighty-six (186) school-day expulsion as required by federal and state law.**

# **APPENDIX D**

## **GRIEVANCE PROCEDURES**

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. Whenever a complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to administration for study and possible resolution.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, the treatment or employment in the districts programs and activities is prohibited. Harassment of an individual on any of these grounds is also prohibited. The superintendent, 521 N Main, Sharon Springs, Kansas, (785) 852-4252, has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990. Information concerning the provisions of these acts, and the rights provided there under, are available from the compliance coordinator.

Complaints of discrimination or discriminatory harassment by an employee should be addressed to the employee's supervisor, the building principal, or the district compliance coordinator. Complaints by a student should be addressed to the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of discrimination or harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harassed, the complaint shall be reported to the district compliance coordinator. Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. Complaints about discrimination, including complaints of harassment, will be resolved to the following complaint procedures:

### **INFORMAL PROCEDURES**

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of discrimination harassment from a student, another employee or any other individual shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint, and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the building compliance coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the building compliance coordinator, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

### **FORMAL COMPLAINT PROCEDURES**

\*A formal complaint to be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violations. If an individual does not wish to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing a written complaint are available in each building office and the central office.

.....  
\*A complaint should be filed as soon as possible after the conduct occurs, but not later than one hundred eighty (180) days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis of the complaint is ongoing.

.....  
\*If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the Superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building

principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

.....  
\* A written determination of the complaint’s validity and a description of the resolution shall be issued by the investigator, and a copy afforded to the complainant no later than thirty (30) days after the filing of the complaint.

.....  
\* If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

.....  
\* If the investigation results in the recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.

\* Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

.....  
\* The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, the hearing officer appointed by the board or by the board itself as determined by the board. The request to appeal the resolution shall be made within twenty (20) days after the date of the written resolution of the complaint at the lower level.

\* The appeal officer shall review the evidence gathered by the investigator and the investigator’s report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within ten (10) days after the appeal is filed. The appeal officer will issue a written determination of the complaint’s validity and a description of its resolution within thirty (30) days after the appeal is filed.

\* Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the United States Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

# **APPENDIX E**

## **HOMELESS STUDENT REGULATIONS**

### **(REQUIRED BY FEDERAL AND STATE LAW)**

Homeless students shall, by definition, include the following:

Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement.

Children and youth who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.

Children and youth who are living in cars, parks, public spaces, or abandoned buildings, substandard housing, bus or train stations or similar settings.

Migratory children who meet one of the above-described circumstances.

#### **ENROLLMENT/PLACEMENT (See BOE Policy JBC)**

The administration shall consider the best interest of the child, with parental involvement, in determining whether the child should be enrolled in the school of origin or the school that non-homeless students who live in the attendance area in which the homeless child or youth is actually living are eligible to attend.

To the extent feasible, and in accordance with the child or youth's best interest, the child or youth should continue his or her education in the school of origin, except when contrary to the wishes of the parent or guardian. If the youth is unaccompanied by a parent or guardian, the homeless coordinator will consider the views of the youth in deciding where the youth will be educated. The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

The school selected shall immediately enroll the homeless child or youth, even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, immunization records, proof of residency or other documentation. However, the district may require a parent or guardian of a homeless child or youth to submit contact information.

The district must provide a written explanation, including a statement regarding the right to appeal, to the homeless child or youth's parent or guardian, or to the homeless youth if unaccompanied, if the district sends the child or youth to a school other than the school of origin or other than a school requested by the parent or guardian.

If a dispute arises over school selection or enrollment in a school, the child or youth shall be immediately admitted to the school in which enrollment is sought, pending resolution of the dispute. The child, youth, parent or guardian shall be referred to the district homeless coordinator, who will carry out the dispute resolution process as expeditiously as possible.

For the purposes of this policy, "school of origin" is defined as the school that the student attended when permanently housed or the school in which the student was last enrolled.

A complaint regarding the placement or education of a homeless child or youth shall first be presented orally and informally to the district's homeless coordinator. If the complaint is not promptly resolved, the complainant may present a formal written complaint (grievance) to the homeless coordinator. The written complaint must include the following information: date of filing, description of concerns, the name of the person or persons involved and a recapitulation of the action taken during the informal charge stage. Within five (5) working days after receiving the complaint, the coordinator shall state a decision in writing to the complainant, with supporting evidence and reasons. In addition, the coordinator will inform the superintendent of the formal complaint and the disposition.

## **SERVICES**

Each homeless child or youth shall be provided services comparable to services offered to other students in the district including, but not limited to, transportation services; educational services for which the child meets the eligibility criteria, such as educational programs for disadvantaged students, students with disabilities and gifted talented students; vocational programs and technical education; school meals programs; preschool programs; before-and- after-school care programs; and programs for students with limited English proficiency. Homeless students will not be segregated in a separate school or in a separate program within a school based on the students' status as homeless.

## **TRANSPORTATION (See BOE Policies EDAA, JBC and JGG)**

If it is in the best interest of the homeless child or youth to attend the school of origin, transportation to and from that school will be provided at the request of the parent or guardian or, in the case of an unaccompanied youth, the homeless coordinator. If the student's temporary housing is outside the attendance area of the school of origin, then the district will work with the school of origin to agree on a method to apportion the responsibility and costs for transporting the child. If an agreement cannot be reached, the costs will be shared equally.

## **RECORDS (See BOE Policies JR and JGCB)**

Any records ordinarily kept by the school, including immunization records, academic records, birth certificates, guardianship records and evaluations for special services or programs of each homeless child or youth shall be maintained so that appropriate services may be given the student, so that necessary referrals can be made and so that records may be transferred in a timely fashion when a homeless child or youth enters a new school district. Copies of records shall be made available upon request to students or parents in accordance with the Family Educational Rights and Privacy Act.

## **COORDINATOR**

The Board designates the following individual to act as the district's homeless coordinator: Superintendent of Schools, Wallace County USD 241, 521 N Main, Sharon Springs, Kansas, 785-852-4252, Fax 785-852-4603. The district shall inform school personnel, service providers and advocates working with homeless families of the duties of the district homeless coordinator. The homeless coordinator will ensure that:

- Homeless children and youths are identified by school personnel and through coordination activities with other entities and agencies.
- Homeless children and youths enroll in, and have a full and equal opportunity to succeed in, schools in the district.
- Homeless families, children and youths receive educational services for which such families, children and youths are eligible, including Head Start, Even Start and preschool programs administered by the district and referrals to health care services, dental services, mental health services and other appropriate services.
- The parents or guardians of homeless children and youths are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.
- Public notice of the educational rights of homeless children and youths is disseminated where such children and youths receive services, such as schools, family shelters and soup kitchens.
- Enrollment disputes are mediated in accordance with law.
- The parent or guardian of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin and is assisted in accessing transportation to the school selected.
- Unaccompanied youths will be assisted in placement or enrollment decisions, their views will be considered and they will be provided notice of the right to appeal.
- Children or youths who need to obtain immunizations, or immunization or medical records, will receive assistance.

#### **WRITTEN PERMISSION REQUIRED**

# ***APPENDIX G***

## ***PRINTING/DUPLICATING/MEDIA***

### ***COPYRIGHT RULES***

#### **COPYRIGHT RULES and “FAIR USE” REGULATIONS**

In accordance with school board policy ECH, the following regulations will be observed to comply with the copyright laws of the United States. Under the “fair use” doctrine, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship or research. If duplicating or altering a product is to fall within the bounds of fair use, these four standards must be met for any of the purposes:

#### The Purpose and Character of the Use

The use must be for such purposes as teaching or scholarship and must be nonprofit. Fair use would probably allow teachers acting on their own to copy small portions of work for the classroom but would not allow a school system or an institution to do so.

#### The Nature of the Copyrighted Work

Copying portions of a news article may fall under fair use but not copying from a workbook designed for a course of study.

#### The Amount and Substantiality of the Portion Used

Copying the whole of a work cannot be considered fair use; copying a small portion may be. At the same time, however, extracting a short sequence from a 16mm film may be far different from a short excerpt from a textbook, because two or three (3) minutes out of a twenty (20)-minute film might be the very essence of that production and thus outside fair use. Under normal circumstances, extracting small amounts out of an entire work would be fair use, but a quantitative test alone does not suffice.

#### The Effect of the Use Upon the Potential Market for or Value of the Copyrighted Work

If resulting economic loss to the copyright holder can be shown, even making a single copy of certain materials is an infringement, and making multiple copies can result in greater penalties.

#### Prohibited Practice

No one may make multiple copies of a work for classroom use if it has already been copied for another class in the same institution; make multiple copies of a short poem, article, story, or essay from the same author more than once in a class term or make multiple copies from the same collective work or periodical issue more than three (3) times a term; make multiple copies of works more than nine (9) times in the same class term; make a copy of works to take the place of an anthology; and may not make a copy of “consumable” materials, such as workbooks.

#### Permitted Practice

A teacher may make—for use in scholarly research, in teaching or in preparation for teaching a class—a single copy of the following: a chapter from a book; an article from a periodical or newspaper; a short story, short essay or short poem (whether or not from a collected work); a chart, graph, diagram, drawing, cartoons or picture from a book, periodical or newspaper; may make (for classroom use only and not to exceed one per student in a class) multiple copies of the

following: a complete poem (if it has fewer than two hundred fifty [250] words and is printed on not more than two [2] pages), an excerpt from a prose work (if the excerpt has fewer than one thousand (1,000) words or ten (10) percent of the work, whichever is less) and one chart, graph, diagram, cartoon or picture per book or periodical.

A library may, for interlibrary-loan purposes, make up to six (6) copies a year of a periodical published within the last five (5) years, make up to six (6) copies a year of small excerpts from longer works, make copies of unpublished works for purposes of preservation and security and make copies of out-of-print works that cannot be obtained at a fair price.

#### Guidelines for Off-Air Recording of Broadcast Programming for Education Purposes

A broadcast program may be recorded off-air simultaneously with broadcast transmission (including simultaneous cable retransmission) and retained for a period not to exceed the first forty-five (45) consecutive calendar days after date of recording. Upon conclusion of such retention period, all off-air recordings must be erased or destroyed immediately. Off-air recordings may be used once by individual teachers in the course of relevant teaching activities and repeated once, only when instructional reinforcement is necessary, in classrooms and similar places devoted to instruction within a single building, cluster or campus, as well as in the homes of students receiving formalized home instruction, during the first ten (10) consecutive school days in the forty-five (45) calendar day retention period. "School days" are school session days--not counting weekends, holidays, vacations, examination periods or other scheduled interruptions--within the forty-five (45) calendar day retention period.

Off-air recordings may be made only at the request of and used by individual teachers and may not be regularly recorded in anticipation of requests. No broadcast program may be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program may be broadcast.

A limited number of copies may be reproduced from each off-air recording to meet the legitimate needs of teachers under these guidelines. Each such additional copy shall be subject to all provisions governing the original recordings.

After the first ten (10) consecutive school days, off-air recordings may be used up to the end of the forty-five (45) calendar day retention period only for evaluation purposes by the teacher, i.e., to determine whether or not to include the broadcast program in the teaching curriculum. They may not be used for student exhibition or any other non-evaluation purpose without authorization.

Off-air recordings need not be used in their entirety, but the recorded programs may not be altered from their original content. Off-air recordings may not be physically or electronically combined or merged to constitute teaching anthologies or compilations.

All copies of off-air recordings must include the copyright notice on the broadcast programs as recorded.

#### Computer Software

District employees may make a back-up copy of computer programs as permitted by current Federal Law. Back-up copies may be used for archival purposes only and all archival copies shall be destroyed in the event that continued possession of the computer program should cease to be the right of an individual. When software is used on a disk-sharing system, efforts shall be made to secure this software from copying. Illegal copies of copyrighted programs shall not be made or used on school equipment.

[BOE Approved 7/03]

# ***APPENDIX H***

## ***STUDENT and PARENT/GUARDIAN LEGAL RIGHTS***

### **STUDENT PRIVACY RIGHTS**

District employees may have ongoing opportunities to access confidential information or records that are required to be kept confidential. Much of the student information processed by district employees is confidential and state and federal law limits its release; for example, driver record and vehicle registration information, confidential student records, criminal history background check information, information obtained pursuant to Social and Rehabilitation Services (SRS) interventions, social security number information and professional misconduct background checks.

Employees are prohibited from divulging information contained in the student records and files of the district, except to other authorized employees who may need such information for an educational purpose in connection with their duties and to authorized persons or agencies only in accordance with law, district policies and administrative rules.

If an employee is approached to provide information inappropriately the employee must refuse to release the requested information unless authorized by his/her supervisor or otherwise be required to release the information under law or court order. In all cases the employee's immediate supervisor shall immediately be informed of any requests.

Any employee who inappropriately releases information or uses confidential information obtained in the course of his/her employment with the district will be disciplined in accordance with board policies, the negotiated agreement and district procedures. Disciplinary action may include penalties, up to and including termination. (See Board Policies GBU and JRB)

### **FAMILY EDUCATIONAL RIGHTS and PRIVACY ACT of 1974 (FERPA)**

Schools may make directory information available without parent/guardian or student consent, according to this Act. Schools must give public notice of categories of information designated as directory information with respect to each student. Directory information includes the following:

1. The student's name, address, telephone number and date of birth;
2. The student's major field of study;
3. The student's participation in officially recognized activities and sports;
4. The weight and height of members of athletic teams;
5. Dates of attendance;
6. The most recent educational agency or institution attended by the student;
7. School publications such as student newspapers and yearbooks.

If any parent/guardian objects to the school releasing any of the aforementioned information without the parent's/guardian's prior consent, the parent/guardian should inform the school by letter or telephone by September 1 of the current year.

Unless the information collected from students is designated as directory information, no information gathered about students shall be released to third parties without the express written consent of the parent/guardian or eligible student.

(See Board Policy JRB)

[BOE Approved 7/03]

## ***PROTECTION of PUPIL RIGHTS AMENDMENT***

### **SURVEYS: PARENTAL INSPECTION RIGHTS**

Parents/guardians shall have the right to inspect any survey created by a third party before it is administered or distributed to students in the school. Prior to distribution parents shall have the right to inspect any survey that seeks information about: political affiliations or beliefs of the student or the student's parent/guardian, mental or psychological problems of the student or the student's family, sex behavior or attitudes, illegal, anti-social, self-incriminating or demeaning behavior, critical appraisals of other individuals with whom respondents have close family relationships, legally recognized privileged or analogous relationships (such as those of lawyers, physicians and ministers), religious practices, affiliations or beliefs of the student or student's parent/guardian, or income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

### **WRITTEN PERMISSION REQUIRED**

If such survey is funded in whole or in part by federal funds, a survey that seeks the above information shall not be administered without the express written consent of the parent/guardian. If the survey is not federally funded parents/guardians must be given direct notification of the survey through U.S. mail or e-mail and provided with an opportunity to opt the student out of the survey. If the survey is part of the curriculum, parents shall have the right to inspect any instructional materials used in conjunction with the survey.

### **MARKETING INFORMATION**

If the school collects, discloses or uses personal information from students for the purpose of marketing or selling that information, parents shall have a right to inspect any instrument used for the collection of such information before it is administered or distributed to students in school. With publication and distribution of this handbook to USD 241 parents/guardians and students such activities are noticed. Parents/guardians will notify the USD 241 office on or before September 1 of each school year if they do not want their student(s) to participate in the activities. The requirements concerning activities involving the collection and disclosure of personal information from students for marketing purposes do not apply to the collection, disclosure or use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for or to students or educational institutions such as the following:

1. College or other postsecondary education recruitment, or military recruitment;
2. Book clubs, magazines and programs providing access to low-cost literary products;
3. Curriculum and instructional materials used by elementary schools and secondary schools;
4. Test and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude or achievement information about students;
5. The sale by students of products or services to raise funds for school-related or education-related activities; or
6. Student recognition programs.

# ***APPENDIX I***
